Dear Lenora,

Thank you for your feedback regarding the Vision for the Future of Nursing in Canada and its definition of nurse practitioner. Moving forward, PNATF will be happy to use the ICN (2020) definition of nurse practitioner.

Thank you for your continued engagement and support.

Dear Lenora.

Thank you for the information about the definition change. Your timing is perfect as we are working on the evaluation to the NP accreditation program pilots and the finalization of the accreditation manual.

Best regards,
Joni Boyd

to me

Wonderful to hear from you Lenora,

and thank you for your kind remarks. I would also like to complement the work of Canada in this area. Canada is truly a world leader in APN.

Kind regards

Dave
