How NPs ARE Shaping the Future of Healthcare

**National Networking | Scholarship Award |
Concurrent Sessions | Policy, Education,
Research, and Practice Sessions**

The Nurse Practitioner Association of Canada (NPAC), the national organization representing the interest of more than 10,000 nurse practitioners (NP) in Canada, advocates for the role of NPs as providers of high-quality, cost-effective, comprehensive, patient-centred health care.

The 2025 NPAC National Conference brings NPs together from coast to coast to coast. The 2025 National Conference Exhibit Hall is where you can find your customers and meet new prospects. More than 500 NPs from around the country converge at the NPAC National Conference to find strategies, resources and solutions for patient care.

Being an exhibitor and sponsor at the NPAC National Conference positions your company as a leading supplier in health care and a partner for the future. It's your biggest opportunity this year put to your brand in front of a highly qualified and targeted audience.

**NPAC is the national voice of the NP!
We look forward to seeing you in Toronto!**
